

Cod: 6610

Built-in refrigerated stainless steel tank 1000x680x550h mm 3x1/1 GN (-5° +5°C)

Description

AISI 304 stainless steel structure. External panels in galvanised sheet metal. Insulation thickness 50 mm. Static refrigeration.

Unit incorporated in lower compartment, Electronic temperature control electronic with digital thermostat. Automatic defrosting, automatic condensation water evaporation. 220/240V - 50Hz - 340W - 2,8KW/24 h.

Dimensions

Altezza vasca	150 mm
---------------	--------

Dimensioni esterne	1000x680x550 mm
Dimensioni imballo	670x1820x730 mm

Technical data

Alimentazione	Electric
Capacità teglie	4 gn 1/1 h 150
Frequenza	50 Hz
Materiale	aisi 304 stainless steel
Peso lordo	52 kg
Peso netto	42 kg
Potenza Elettrica	0.34 kW
Refrigerazione	static
Sbrinamento	automatic
Spessore	150 mm
Temperatura d'esercizio	-2 +8 °C
Termostato	digital
Voltaggio	230 V
