## Stainless steel wall cabinet 100x40x65h cm with 2 sliding doors EC

### Description

Keep your professional kitchen tidy and optimise space by purchasing the stainless steel wall unit with 2 sliding doors EC from Ristoattrezzature. Sturdy, practical and quality. Cleanly and tidily store tools, accessories and food and keep everything within easy reach. Appreciated in every catering area: gastronomy, restaurants, pubs, sandwich shops and fast food outlets. Choose the size that best suits your needs and complete your work area in a functional way. Design and function With the EC stainless steel wall cabinet with 2 sliding doors for restaurants you can combine practicality, functionality and attractive aesthetics. The compact design conceals ample and comfortable storage space inside to meet a wide range of usage requirements. Perfect for storing plates, dishes, glasses and the like, and therefore indispensable in any restaurant or hotel. A double-door sliding door joins or separates the two internal areas with a simple gesture. A height-adjustable intermediate shelf completes the look. The doors are honeycombed for strength and lightness and can be removed easily. Manage your space with the minimum of fuss. The external dimensions are 1000x400x650 mm and the construction is in Aisi 304 stainless steel: a very high quality stainless steel. What makes it unique is its greater resistance to corrosive agents and oxidation, especially that caused by the action of water and humidity. Versatile, resistant and durable, it is able to support your work rhythms. Choose the quality of Ristoattrezzature. Cleaning

and maintenance The stainless steel wall cabinet with 2 EC sliding doors for hotels needs regular cleaning to ensure maximum hygiene in the kitchen. Cleaning this professional equipment is quick and easy. Do not use acidic and aggressive products to sanitise the steel but use natural detergents and a soft cloth to clean and dry every nook and cranny. Why it is the right product for you Choose the EC stainless steel wall cabinet with 2 sliding doors for your kitchen and complete your decor in a practical and functional way. Add professional equipment that is indispensable to your work and be sure: practicality safety reliability versatility robustness. Finally, the quality-price ratio is excellent. Designed to ensure maximum fluidity of use, the wall cabinet ensures easy opening and closing to allow you to work in an agile manner at all times.
