

Cod: 179

Whipped cream maker capacity 2 litres

Description

Functional and convenient whipped cream maker, suitable for small productions. It stores liquid cream at a temperature of 4°C and turns it into whipped cream by passing it through the labyrinth, which can be dispensed by manual control. The transparent lid makes it easy to check the amount of cream remaining. This produces a whipped cream with a large volume and a firm, stable structure. Equipped with a removable bowl for easy cleaning and hygiene.
