

Cod: 7166

Stainless steel refrigerated ventilated pastry cabinet 740x990x2010h mm -18/-22°C

Description

Stainless steel refrigerated pastry cabinet with a capacity of 737 litres and a capacity of 54 5-litre trays. The cabinet has a built-in unit, ventilated refrigeration and Motor compartment with insulated sides. Evaporator positioned concealed so as to have maximum space available. Temperature control is possible by means of a digital thermostat and has an electric resistance around the door frame to eliminate condensation. Automatic defrosting with electric resistance and automatic control of defrosting temperature. Automatic evaporation of condensation water. Anti-corrosion treated evaporator. Door with return spring and reversible. Door lock with key. Removable door gasket without tools. The cabinet is equipped with interior light, rounded corners, height-adjustable stainless steel feet, and galvanised sheet metal outer bottom and back panels.
