

Cod: 1871

## Wood-fired oven 7 pizzas with Mosaic decoration

### Description

Prefabricated wood-fired oven with Mosaic decorations, with a capacity of 7 pizzas and the possibility of a production of 105 pizzas/hour built with vibrated refractory materials with a high alumina content, rustic front with flat front bricks. the oven is characterised by a large refractory mass that generates a strong thermal flywheel effect with consequent wood saving, so as to guarantee rapid and uniform cooking thanks to its excellent thermal stability. Thermal insulation is guaranteed by the use of mineral fibre with high insulating power. Hourly output 105 pizzas.
