

Cod: 7490

**Heated well 10+10 litres 630x330xh355mm**

## Description

Multi-functional dry heated well that can be used as a food warmer, kettle, bain-marie heater, steamer and pasta cooker in one. With an extended range of selectable temperatures, it can cook pasta, steam, reheat and keep sauces, curries, gravies and toppings at the right temperature for serving. It has three preset temperature points from 50°C to 100°C for heating, steaming and boiling. The low power mode allows for energy efficiency. Comes with two 10 litre round shelves
