

Cod: 7504

Self-service counters with refrigerated tank on open compartment 1500x700x900 h mm

Description

Self-service bain-marie counters on open compartments are designed to give you maximum benefit from your investment. A wide choice of elements, practical accessories and materials offer the best answer to all your needs in terms of functionality and ergonomics. Technology, aesthetics and 18/10 stainless steel construction guarantee a product of the highest quality, reliability and attention to detail. These counters are the ideal solution for all those realities in which the flexibility of requirements, in display and distribution, makes it possible to vary the positioning and choice of elements: airports, railway stations, service stations, catering companies, etc.
