

Cod: 7596055

2.2 litre stainless steel electric rice cooker

Description

From now on, you can prepare delicious rice in minutes with this rice cooker! You no longer have to worry about overcooking your rice, thanks to the keep-warm function that is automatically activated at the end of cooking at a temperature between 70 and 75 °C . With its elegant stainless steel design, large 2.2 litre capacity and 900 Watt power, this rice cooker is the perfect addition to your kitchen. It is very easy to use as you only need to add water and rice to the pot. With the large capacity of 2.2 litres you can cook up to 15 portions of rice at the same time. Of course, you can also prepare smaller quantities. Easy to clean: the rice cooker has an inner pot with a non-stick coating, which prevents the rice from sticking. Two indicator lights show whether the rice cooker is switched on and whether the keep-warm function is active. Non-slip feet guarantee stability and ease of use. The rice cooker comes with a spoon, a measuring spoon and a spatula with which you can simply measure out portions.

NB: Non-professional equipment.
