

Cod: 7761

Polished aluminium ice crusher capacity 3lt 500W

Description

Special machines for the production of ice flakes in 4 different sizes thanks to the patented regulation grid, indispensable for preparing cocktails. Motors equipped with temperature probe, functions protected by microswitches.

Dimensions

Dimensioni esterne	250x350x680 mm
--------------------	----------------

Technical data

Capacità bicchiere	3 Lt
--------------------	------

Frequenza	50/60 Hz
Materiale	aluminium
Peso	10 kg
Potenza Elettrica	0.5 kW
Produzione Kg/h	180 Kg/h
Voltaggio	230 V
