

Cod: 7812002

Professional stainless steel dryer for fruit, vegetables and other 330x530x310h mm 4 shelves

Description

Professional dryer made entirely of stainless steel equipped with 4 shelves and suitable for drying fruit, vegetables, meat, fish and any food you want to preserve for a long time. The temperature is controlled by a thermostat 20°-70° and the drying time is adjustable with a sound timer that allows you to set from a few minutes to 99.59 hours of operation. The extremely quiet fan is positioned at the centre back to optimise and direct the flow of heat evenly and continuously over all shelves.
