You can effectively rationalise working time and space by choosing the **neutral mobile stainless steel worktop with door**. Designed for kitchens and cooking lines, it is all you need to

- offer an **extra worktop**
- have an **ad hoc space to store pots, dishes, small utensils, but also cleaning products and packaged food**.

If you are looking for professional furniture for your kitchen, whether large or small, you are in the right place. The modularity of our neutral element with door allows you to have a stand that is easy to place, practical to move and easy to clean.

This product is absolutely universal and **recommended for all catering areas**: restaurant, pizzeria, sandwich shop, fast food, and much more.

## Design and operation

The **neutral mobile stainless steel countertop with door** adds flexibility, reliability and style to your working environment.

The **design is characterised by minimalist, essential and linear lines** to meet the needs of professionals and guarantee practical and fast work. It offers an extra work surface without requiring a lot of space and a convenient splashback.

The lower door also becomes a practical support for kitchen equipment, ensuring hygiene and functionality.

The **structure is made entirely of stainless steel: corrosion-resistant, antibacterial and easy to clean**.

The **dimensions are 800x900x940 mm**, the handle is ergonomic for an easy grip while working.

The professional equipment consists of:

- **1 shelf**
- **1 door leaf**
- **4 adjustable stainless steel feet.**

## Cleaning and maintenance

The **neutral mobile stainless steel worktop with door leaf** for kitchens and cooking lines is easy to clean and more. In fact, you can guarantee and schedule maintenance whenever you want.

On the inside, it has **rounded corners** precisely to facilitate cleaning and offer convenience and constant hygiene in use. To ensure a long product life, **cleaning should only be carried out with non-abrasive and non-acidic products**. A mild detergent and a dry cloth is sufficient.
