Single electric hotplate 450x485x240mm

Description

The Ristoattrezzature **single electric hotplate** is designed to offer a valid support in bars, pastry shops, cafeterias or kiosks. Meet your customers' needs with the perfect professional equipment.

Compact, safe and reliable: the crêpe griddle guarantees excellent performance in the kitchen at all times. Ideal for preparing pancakes, galettes, piadinas and much more.

Complete your work area in a practical and functional way by choosing the product that suits you best from the online catalogue. Select the **single electric hotplate** and meet your professional needs.

Design and function

The **design of the** Ristoattrezzature **single electric hot plate** is characterised by **minimal, essential and technical** lines. Its operation is intuitive.

The **external dimensions are 450x485x240 mm**, the **plate diameter is 385 mm** and the weight

is 19 kg. **Try it even in small spaces and surprise your customers with ready-made products in no time.**

Its **stainless steel construction** guarantees strength and durability. On the front panel you will find the power button. Thanks to the **automatic thermostat**, you can adjust the desired temperature (50 to 300° C) and manage the ideal browning point.

You can also easily set the cooking time thanks to a practical timer (approx. 1'-3'). The **single electric hotplate** is a truly versatile product: it adapts well to a variety of sweet and savoury preparations and is perfect for any space, large or small.

Choose to **optimise the preparation time of your dishes with the single electric hotplate** for bars and ice cream parlours and keep the quality of your final product at the top.

Cleaning and maintenance

The **easy cleaning of the single electric hot plate** allows you to use the appliance easily and always in optimal condition. We recommend carrying out these operations daily and after each use.

The professional crepe maker has a non-stick coating that prevents the batter from sticking and facilitates cleaning.

Clean it using the right tools (spatulas and accessories) and the ideal products. Simply proceed with a **damp cloth and a mild detergent**. Avoiding the use of abrasive sponges or corrosive products will avoid removing chrome or scratching the plate. Ensure your professional kitchen is **clean and hygienic** in just a few steps.

Why it's the right product for you

Choose the Ristoattrezzature **Single Electric Crepe Plate** because it is a product:

- **Versatile**
- **Fast**
- **Simple**
- **Safe**
- **Durable.**

A 100% made in Italy product with attention to detail. Finally, the quality-price ratio is excellent.
