Description

Ristoattrezzature's single **1-glass milk** shake maker is a reliable, space-saving item designed to whip up drinks to perfection.

Indispensable in the kitchen, safe and reliable. The milkshake machine is designed for professional preparation of milk-based delicacies and more. Milkshakes, alcoholic and non-alcoholic cocktails, smoothies and drinks of all kinds.

Especially popular in bars, kiosks, restaurants, pubs, sandwich shops, ice cream parlours and more. Guarantee your customers excellent performance at all times and **complete your work area in a practical and functional way.** Take a look at the online catalogue and select the product that suits you best. The **single 1 cup milkshake** maker for ice cream parlours could be the perfect equipment for your professional needs.

Design and operation

The **design of the** Ristoattrezzature single cup milkshake **machine** is **slim, sober and elegant,**

characterised by technical and essential lines. Its **operation is easy and intuitive**. The **external dimensions are 195x180x520 mm** for a weight of 5 kg. Easy to move wherever you want.

The **external structure** is made entirely **of stainless steel** to ensure durability and maximum hygiene. The **electrical power is 0.15 kW**. **The voltage is 230 V**.

The **single 1-glass milkshake machine** also has a shaft long enough to be lowered into the glass or any container to swirl the ingredients, **two speeds** and **two types of blades**:

- **flat for liquids or softer substances**
- **curved** for fruit and other larger or harder foods.

The non-slip rubber feet provide extra stability for the blender.

Choose to place the machine in a corner of your kitchen, on a special cabinet or, in the open, in the living room.

Optimise your preparation time for cool drinks with the **single 1-glass milkshake** maker for bars and restaurants.

Cleaning and maintenance

For proper functioning of the **1-glass milkshake machine**, it is recommended to clean every part of it daily and after each use.

Cleaning this professional piece of equipment is quite simple, simply disassemble the glass and wash it with water and a mild detergent. Finally, dry it carefully with a soft cloth.

It is a good idea to avoid using abrasive sponges so as not to remove the chrome or run the risk of scratching the surface.

Ensure **maximum cleanliness and hygiene** in your professional kitchen in just a few simple steps.

Why it's the right product for you

Choosing the **single 1-cup milkshake maker** for bars and ice cream parlours will allow you to provide fresh, freshly prepared drinks quickly and easily. This is professional equipment **100% made in Italy**

- **Reliable**
- **Robust**
- **Practical**
- **Fast**
- **Safe** and excellent value for money, easy to install and clean.
