

Cod: 2189

4 Pizza Cones Machine

Description

The Cono Pizza moulding machine gives the possibility to cook the cone-shaped dough in the shortest possible time (1 minute). After which the operator will add the pizza ingredients to the cone-shaped dough and place the product in the ventilated oven chamber for 4 or 5 minutes. The device is made entirely of stainless steel, has 2 thermostats to control the temperature, a timer with sound device, a main switch and operating lights. It is manufactured according to international safety standards.

NB: product payable only by bank transfer, paypal or credit card.
