

Cod: 2208

Electric griddle cooker

Description

Electric cooker with 1 cooking zone. Max. temperature 300°C with adjustment via ignition knob. Filament heating elements for greater output and efficiency. Cooking surface in food-grade iron for greater yield/thermal conductivity. Structure entirely in AISI 304 stainless steel. 230/400V power supply.

Dimensions

Dimensioni esterne	800x700x500 mm
Dimensioni superficie di cottura	800x590 mm

Technical data

Alimentazione	Electric
Peso	71 kg
Potenza Elettrica	3.75 kW
Temperatura d'esercizio	0 +300 °C
Voltaggio	400 V
