

Cod: 2242

Double-deck showcase Refrigerated 6/8 GN containers

Description

Counter-top display case with static refrigeration of exquisite design that allows ample visibility of the products on display. Exclusive two-level cooling system. Made of solid stainless steel construction and tempered glass. LED lighting on two levels. Sliding and easily removable rear doors for product loading. Curved and tilting front glass for easy cleaning. Built-in refrigeration unit positioned to the right of the operator side, equipped with hermetic compressor with ventilated turbo double condenser. The compressor housing is designed to prevent the expulsion of hot air directed at the customer or operator (side outlet). Adjustable electronic thermostat. Operating temperature +2°/ +5 °C. 230V power supply. Available in container versions: 6GN 1/3 x 40h + 8GN 1/6 x 40h

Dimensions

Dimensioni esterne	1438x395x360 mm
