

Cod: 2579

6-burner gas cooker + 1/1 GN gas oven + compartment

Description

Stainless steel construction. Moulded, double-walled oven door and sturdy handle. Thermosetting plastic knobs.

Heating by means of **single crown stabilised flame burn** ers with different powers.

Each burner is equipped with a safety gas cock that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the burner flame.

Floor grates made of steel coated with a layer of protective material and burners with a stainless steel body and nickel-plated brass flame spreaders.

Floor grates positioned on a moulded housing with rounded edges and burners hermetically attached to the top for ease of cleaning.

1/1 GN gas oven and open compartment. Removable stainless steel oven rack. Oven floor made of thick steel and reinforced with a series of ribs.

Insulation of baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures.

Rapid temperature rise and heat retention by means of a high-performance stabilised flame burner with integrated diffuser, suitable for working at high temperatures.

Ignition by means of a spark train with 230V 1 phase + neutral power supply.

The oven burner is equipped with a thermostatic safety gas cock that allows the temperature to be regulated up to 300°C. Safety guaranteed by a thermocouple kept active by the burner flame.

Laser-cut top finish to ensure a "head-to-head" coupling of the tops and binding of the tops to each other.

Height-adjustable stainless steel feet.

Tested with methane or LPG gas according to user requirements.

Dimensions

Dimensioni esterne	1200x700x850 mm
