

Cod: 2574

**Ventilated electric oven 4 pans 43.5 x 35 cm or 43.3 x 32.2 cm convection
58.9x66x58h cm 3.15 kW**

Description

Exceptional convection oven with high power and linear, essential design, an essential tool for businesses that want to offer snacks, pizza as well as croissants and hot dishes. Suitable for baking pastries, gastronomy, snacks, pizza, meat, fish and bread. - Its use will guarantee you ease of use, great reliability and maximum safety. - The solid anti-tip guides will prevent the pans from slipping during insertion and removal. - A selector switch allows you to adjust the temperature from 50°C to 280°C and is equipped with a 60-minute timer with an audible alarm. - The oven is equipped with two motors and two fans that ensure perfect air circulation inside the chamber, thus providing an ideal environment for all cooking. Completely made of stainless steel. The flap door helps to keep the overall dimensions down. It can hold 4 standard 43.5 x 35 cm or 43.3 x 32.2 cm grills or trays. Strong points: - 100 % Made in Italy - Suitable for continuous work - User-friendly controls - Convection heating with electric heating element - Chamber with rounded corners - Internal global ventilation system with dual motor and dual fans - Thermostat up to 280°C - Internal lighting; - Door opening sensor for fan lock; - Removable anti-tilt pan guides; - Interlocking door gasket; - Handle with stainless steel support and tube. N.B. : Trays and grids not included, please select from options
