## 6-Burner Gas Range + Static Electric Oven 2/1 GN + Storage compartment with Door

### Description

6-burner gas cooker + Static 2/1 GN electric oven + compartment with door. Stainless steel structure. Knobs in thermosetting plastic material. Heating by means of single-crown stabilised flame burners with different powers. Each burner is equipped with a safety gas cock that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the burner flame. Steel top grills coated with a layer of protective material and burners with a stainless steel body and nickel-plated brass flame spreaders. Shelf grates positioned on a moulded housing with rounded edges and burners hermetically attached to the shelf for ease of cleaning. Static 1/1 GN electric oven and compartment with door. Removable oven rack made of stainless steel rod. Oven floor made of thick steel and reinforced with a series of ribs. Heating by special high-temperature-resistant steel heating elements placed under the sole and in the baking chamber ceiling. Insulation of the baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures. Equipped with a thermostat that allows the temperature to be adjusted between 120° C and 310° C. Manually reset safety thermostat against overheating. Height-adjustable stainless steel feet.

## Dimensions

Dimensioni esterne	1200x700x850 mm
