## Cooker 6 Electric Hotplates + Static Electric Oven 2/1 GN + Compartment with Door

### Description

6-ring hob + Static 2/1 GN electric oven + compartment with door. Stainless steel construction. Moulded, double-walled oven door and sturdy handles. Thermosetting plastic knobs. Heating by means of electric round cast-iron plates. Heating element fixed to the bottom of the plate, embedded in a layer of insulating material. Each plate is equipped with a switch that allows the power to be adjusted from maximum to minimum in seven positions. Safety is ensured by a temperature limiter placed inside the hotplate. Moulded worktop with an inverted counter-buttering to ensure perfect plate seating, easy cleaning and to protect electrical components from overflowing liquids. Static 1/1 GN electric oven and compartment with door. Removable oven rack made of stainless steel rod. Oven floor made of thick steel and reinforced with a series of ribs. Heating by means of special high-temperature-resistant steel heating elements placed under the sole and in the ceiling of the baking chamber. Equipped with a thermostat that allows the temperature to be adjusted between 120° C and 310° C. Manually reset safety thermostat against overheating. Insulation of baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures. Height-adjustable stainless steel feet.

## Dimensions

Dimensioni esterne	1200x700x850 mm
