

Cod: 9229062012004

Stainless steel refrigerated freezer cabinet 1 door 600 l -18 -22°C static

Description

The ristoattrezzature.com stainless steel one-door ventilated freezer cabinet with a capacity of 600 litres has an external and internal structure made entirely of stainless steel. The freezer is also adjustable in height thanks to the presence of feet. The interior of the freezer has rounded corners to facilitate cleaning and thus offer practicality and hygiene in use. Refrigeration is ventilated and therefore the cold is produced by an external evaporator with anti-corrosion treated fins. The anti-corrosion treatment is designed to prevent oxidation that would form as a result of the formation of frost/condensation in normal refrigerator operation. The cabinet has a spring-return door, key lock, door gasket that can be removed without tools, interior light, bottom with rounded corners, outer bottom and back panels in galvanised sheet metal.

Dimensions

Dimensioni esterne	680x810x2010 mm
--------------------	-----------------

Dimensioni imballo	710x840x2090 mm
Dimensioni interne	560x680x1390 mm

Technical data

Alimentazione	Electric
Capacità	600 Lt
Classe energetica	D
Frequenza	50 Hz
Gas refrigerante	R290
Materiale	stainless steel
Peso lordo	126 kg
Peso netto	114 kg
Potenza Elettrica	0.204 kW
Refrigerazione	static
Sbrinamento	a stopover
Temperatura ambiente massima	35 °C
Temperatura d'esercizio	-18 -22 °C
Termostato	electrical
Voltaggio	230 V

Standard equipment

In dotazione	3 griglie con coppie di guide
