

Cod: 9235099012001

Stainless steel 2-door refrigerated freezer cabinet 1400 l -18 -22°C ventilated monobloc - FC

Description

Ventilated stainless steel double-door freezer cabinet, capacity 1400 litres. External and internal structure made entirely of stainless steel. The freezer is also adjustable in height thanks to the presence of feet. The cell inside has rounded corners to facilitate cleaning operations and thus offer practicality and hygiene in use. Refrigeration is ventilated and therefore cold is produced by an external evaporator with anti-corrosion treated fins. The anti-corrosion treatment is designed to prevent oxidation that would form as a result of the formation of frost/condensation in normal refrigerator operation. The cabinet has a spring-return door, key lock, door gasket that can be removed without tools, interior light, bottom with rounded corners, outer bottom and back panels in galvanised sheet metal.

Dimensions

Dimensioni esterne	1480x830x2010 mm
Dimensioni imballo	1505x855x2080 mm
Dimensioni interne	1360x700x1397 mm

Technical data

Alimentazione	Electric
Capacità	1300 Lt
Classe energetica	E
Frequenza	50 Hz
Gas refrigerante	R290
Materiale	stainless steel
Peso lordo	213 kg
Peso netto	196 kg
Potenza Elettrica	0.815 kW
Refrigerazione	ventilated
Sbrinamento	electric defrost
Temperatura ambiente massima	35 °C
Temperatura d'esercizio	-18 -22 °C
Termostato	electrical
Voltaggio	230 V

Standard equipment

In dotazione	6 griglie con coppie di guide
