

Cod: 9235129012004

Stainless steel refrigerated freezer cabinet 2 doors 1200 l -18 -22°C static

Description

The single-door stainless steel ventilated freezer cabinet from ristoattrezzature.com with a capacity of 1200 litres has an external and internal structure made entirely of stainless steel. The freezer is also adjustable in height thanks to the presence of feet. The interior of the freezer has rounded corners to facilitate cleaning and thus offer practicality and hygiene in use. Refrigeration is ventilated and therefore the cold is produced by an external evaporator with anti-corrosion treated fins. The anti-corrosion treatment is designed to prevent oxidation that would form as a result of the formation of frost/condensation in normal refrigerator operation. The cabinet has a spring-return door, key lock, door gasket that can be removed without tools, interior light, bottom with rounded corners, outer bottom and back panels in galvanised sheet metal.

Dimensions

Dimensioni esterne	1340x810x2010 mm
Dimensioni imballo	1370x840x2090 mm
Dimensioni interne	1220x680x1390 mm

Technical data

Alimentazione	Electric
Capacità	1200 Lt
Classe energetica	D
Frequenza	50 Hz
Gas refrigerante	R290
Materiale	stainless steel
Peso lordo	183 kg
Peso netto	174 kg
Potenza Elettrica	0.602 kW
Refrigerazione	ventilated
Sbrinamento	a stopover
Temperatura ambiente massima	35 °C
Temperatura d'esercizio	-18 -22 °C
Termostato	electrical
Voltaggio	230 V

Standard equipment

In dotazione	6 griglie con coppie di guide
