

Cod: 92070030041675

3-door pizza counter 2020x800x1000h mm for pizzeria restaurant tropicalised

Description

Ventilated stainless steel refrigerated pizza counter with 3 doors, dimensions 2020x800x1000h mm for pizzeria-restaurant.

The product has a rounded corner on the bottom for easy cleaning and is equipped with wheels. Self-closing doors. Magnetic gaskets, easy to clean and replace.

The refrigerating unit is tropicalised, i.e. it can work in an outdoor environment with a temperature of up to +40°C/42°C and 65% relative humidity.

The operating temperature exploits a range of -2° C/ + 8° C and can be easily adjusted thanks to a Dixell electronic controller with temperature display.

The temperature can also be easily read on a digital thermostat located on the front wall of the counter.

The counter is equipped with 3 doors fitted with a heating element to eliminate condensation and an easily removable magnetic seal.

Dimensions
