

Cod: 94480630111701

Stainless steel ozone disinfecting refrigerator cabinet 1 door 700 lt -2 +8 °C 750x810x2050h mm

Description

A new line of cabinets has been created for maintaining the temperature and sanitising both foodstuffs and instruments and objects by generating ozone. The product is highly efficient with a low environmental impact and features 75 mm insulation, R290 natural gas refrigerating unit and hot gas defrosting (and not by resistance to further reduce consumption). The -2+8 version is useful for preserving fruit and vegetables and all loose foodstuffs that could be contaminated for a long time, so as to be sure of keeping them at a high quality and safe level. Energy class B. Supplied with 3 sets of grills and door rails.
