

Cod: 97771766050

Smeg osmosis unit WO-30 300x700x445h mm 12 lt

Description

External stainless steel reverse osmosis equipment with expansion tank for all Smeg dishwasher models Control panel: electronic Recovery rate: 0.4 Maximum water outlet conductivity (1): 5-30 $\mu\text{S}/\text{cm}$ Input water pre-treatment: activated carbon filter Inlet water hardness (max): 45° F Inlet water temperature (max): 35°C Inlet water conductivity (max): 1,200 $\mu\text{S}/\text{cm}$ Notes (1): Output and conductivity depend on the chemical characteristics of the incoming water and the clogged state of the membranes Filter exhaustion alarm Water shortage alarm Anti-flooding alarm with automatic blockage Timed automatic membrane flushing in the event of prolonged inactivity Hour meter and litre counter Adjustment and display of permeate salinity Automatic bypass solenoid valve for initial tank filling

Dimensions

Dimensioni esterne	300x700x445 mm
--------------------	----------------

Technical data

Alimentazione	Electric
Capacità	12 Lt
Frequenza	50 Hz
Potenza Elettrica	0.69 kW
Pressione in ingresso acqua massima	6 bar
Pressione in ingresso acqua minima	1.5 bar
Produzione lt/h	240 Lt/h
Voltaggio	230 V
