

Cod: 98410210021293

**117.7x42x26.5h cm 4 gn 1/3 black counter-top refrigerated display case with curved glass panes and built-in motor**

## Description

**Keep the organoleptic properties of sushi intact with the ideal refrigerated display case.** Ristoattrezzature offers several models in its catalogue to meet the needs of many kitchen professionals.

**Beautiful, compact and practical:** the professional counter-top refrigerated sushi display case for gastronomy is a furnishing element designed to preserve fresh products. Particularly suitable for oriental businesses, restaurants, sushi bars, supermarkets and fast food outlets.

Decide to organise your room in the best possible way and **offer your customers products that are always fresh.** Let's discover the details in the data sheet.

## Design and operation

The professional counter-top refrigerated sushi display cabinet for sushi bars is a product

designed for proper display and storage of rice and raw fish.

**The design is essential** as befits a professional working environment where equipment is designed for intensive use. **Minimum bulk and maximum practicality in use.** The structure of this refrigerated display case model is made of black plastic and is completed with glass panes along all 4 sides. **The glass panes are curved at the front and sliding at the back.**

Ristoattrezzature's **professional counter-top refrigerated sushi display case** has external dimensions of **1177x420x265 mm** and can accommodate up to 4 GN 1/3 with a height of 4 cm already included.

The power supply is electric with a power rating of 0.18 kW, **the motor is built-in and the internal lighting is LED.**

Easily set **the operating temperature between 0°C and +12°C** via the digital **display** and monitor it with the front-mounted digital thermostat.

## Cleaning and maintenance

The **professional counter-top refrigerated sushi display** cabinet for restaurants is quick and easy to clean and requires no maintenance. If you have any problems, please contact the seller.

Maintain the performance of your professional equipment and **ensure the longevity of your refrigerated display case in just a few steps.** Simply empty the display case of food and trays, then clean with:

- **non-abrasive sponge**
- **neutral soap.**

The internal rounded corners facilitate this operation by preventing the accumulation of dirt and food, and **the automatic defrosting** guarantees thorough cleaning without manual intervention.

## Why it's the right product for you

The **professional counter-top refrigerated sushi display cabinet** for bars and oriental restaurants is a device that can be placed on a counter or table to complete your work area in a practical and functional way.

We are talking about a professional piece of equipment **designed for small and medium-sized businesses.** The elegant and sophisticated aesthetics attract the eyes of customers and the goodness and freshness of the products win their palate.

**Ease of use and low energy consumption** make the Ristoattrezzature display cabinet a perfect ally in the kitchen. The **energy class is B** and the gas used for refrigeration is type R290: high-performance and environmentally friendly.

**Select the ideal professional equipment for your catering business from our online catalogue.** Complete your purchase in one click.
