## Wine tapping machine with digital bottle dispenser 4 bottles 650x325x610h mm

### Description

Wine Dispenser with digital 4-bottle dispenser, dimensions 650x325x610h mm. The product features climate class 3, steel outer surface, digital thermometer, electronic temperature regulator, automatic defrost at compressor stop, 4 LEDs for lighting, key and lock and 6 feet. Wine storage period 2/3 weeks.

The Azotatrice is useful for restaurants and wine bars serving fine wines. It allows expensive wines to be stored 'under nitrogen' for several weeks, avoiding the alteration that results from the wine coming into contact with oxygen.

### Dimensions
