

Cod: 101562146002

Heated display case 141x60x60h cm black two-tier counter-heated display case with straight glass panes

Description

Gorgeous warm counter display case in modern design. Thanks to its large glass panes and LED lighting, it guarantees maximum product visibility. Equipped with a slightly inclined display surface and intermediate shelf, it allows a variety of products to be displayed. Designed for preserving fried food, vegetables au gratin, roasts, etc., this professional equipment is ideal for eliminating the risk of fogging on transparent glass surfaces and can reach temperatures of up to 90°C: the armoured heating element guarantees homogeneous heat diffusion, the cold, low-energy consumption LED lighting inside guarantees greater product visibility, and the stainless steel structure, with sliding doors at the rear, facilitates food extraction to optimise service.

Strong points:

- Modern design
- Led lighting
- Display surface with slight inclination
- Removable intermediate shelf

- Well-made materials, tempered glass and polished stainless steel
- Temperature control thermostat
- Transparent plexiglass rear closures
- Transparent glass roof
- Separate light and heater ignition
- Height-adjustable support feet
- Entirely designed and manufactured in Europe

Dimensions

Dimensione tetto	1370x360 mm
Dimensioni esterne	1410x600x600 mm
Dimensioni ripiano	1370x250 mm
Piano espositivo	1310x440 mm

Technical data

Alimentazione	Electric
Capacità	210 Lt
Peso	85 kg
Potenza Elettrica	1.2 kW
Temperatura d'esercizio	+30 +90 °C
Voltaggio	230 V
