

Cod: 10241030106

## Blender with glass carafe 1.5 l 1000 W

### Description

Elegant stainless steel blender with removable thick glass carafe with a 1.5 litre graduated capacity.

Would you like to add more while chopping? Unscrew the top cap and add ingredients via the refill opening.

The blender can be used to prepare soups, sauces or milkshakes. It has two speeds, a pulse function and 1000 watts of power. So you can also shred ice cubes.

With its black elements and stainless steel casing, the blender boasts an elegant design. It is a simple, minimalist design with a blue LED button.

You can remove the glass carafe from the stand so you can easily rinse it with water. You can also remove the blade from the glass for even easier cleaning.

**NB: Non-professional equipment.**

## Dimensions

Dimensioni esterne	245x345x520 mm
--------------------	----------------
