

Cod: 10260129004007

Stainless steel refrigerated cabinet 2 doors 1200 litres static 0+8 °C

Description

The 1200 litre two-door stainless steel refrigerator cabinet has an external and internal structure made entirely of AISI 304 stainless steel. The refrigerator is also adjustable in height thanks to the presence of AISI 304 stainless steel feet. The product features static refrigeration with fan to even out the temperature, digital control unit, heated anti-condensation door beating frame, condensation water collection with basin, defrosting with compressor off, 60 mm insulation thickness, easily removable magnetic gaskets, internal LED light, door lock with key and galvanised steel back and bottom panels.
