

Cod: 3460

Wine cellar max. capacity 34 bottles

Description

Refrigerated wine cellar of exquisite design, front profiles in stainless steel, sides in anti-corrosion, black plastic-coated sheet steel. Blue LED interior light. Wooden grating shelves with steel front profiles with horizontal bottle positioning. Electronic temperature control that minimises internal temperature variations, a fundamental condition for the preservation of high quality wines (hot/cold temperature control with resistance). Digital display for temperature control. Ventilated cooling system with parcel evaporator. Automatic defrosting. Reversible double-glazed door with UV-treated front glass. Adjustable feet. 230V power supply.
