

Cod: 10424003159

## Three-phase vertical hydraulic bagging machine capacity 25 l

### Description

Simple and functional, the new vertical hydraulic fillers count on a powerful hydraulic system working at 120 Bar pressure. Built entirely in stainless steel, totally dismountable for cleaning without the use of tools, they boast features typical of higher class models: - totally stainless steel lid and pad,- silicone gaskets that act inside the cylinder for greater sealing and durability of the gasket itself,- hermetic cylinder protection,- stainless steel piston rod,- stainless steel cylinder, polished and rebated, no forced direction,- powerful and silent 2,800 rpm ventilated motor with immediate action,- automatic piston return with motor switch-off,- stainless steel IP 67 controls,- high-precision oil flow regulator,- tyred wheels as standard,- oil tank with level indicator.

### Dimensions

Diametro cilindro	260 mm

Dimensioni imballo	720x570x1380 mm
--------------------	-----------------

### Technical data

Alimentazione	Electric
Capacità	25 Lt
Peso	91 kg
Peso lordo	103 kg
Potenza Elettrica	0.56 kW
Voltaggio	400 V

### Standard equipment

In dotazione	3 Imbuti in dotazione da 10-18-25 mm
