**Ice cream display cabinet curved glass 8 flavours static refrigeration
148.7x65x131.5h cm -18 -24°C**

Description

The **curved glass 8-flavour** ice cream **display** cabinet is an interesting furnishing proposal for those who have ice cream on the menu and want to propose fresh products to their customers.

Ristoattrezzature has several offers and models to choose from in its catalogue: **compact, capacious and resistant.**

Choose the one best suited to your needs.

This model of ice cream display cabinet has **a refined and discreet look** that is ideal for every style and every space.

Guarantee high performance for your business and rely on our experience and professionalism.

Design and operation

The **curved glass 8-flavour** ice cream **display** cabinet for ice cream parlours is a reliable and capacious piece of professional equipment. The **modern design and resistant structure** characterise this product.

Great attention is paid to the company's choice of high quality materials.

The **inner tank is made of aluminium and the outer structure of white sheet metal.**

Sliding tempered glass doors guarantee an airtight and energy-saving closure. The design of the latter is curved to offer a panoramic view of the products.

The external dimensions of our ice cream counter are **1487x650x1315 mm** for a **total capacity of 330 litres**. The power supply is electric and the power is 0.28 kW. **Consumption is around 1538 Kwh/year.**

Refrigeration is static and the **operating temperature** can be set **between -18 -24°C.**

The ideal range for optimal storage of your ice cream. The horizontal arrangement of the **trays that can be selected from the options** makes the display more suitable and attractive.

The presence of a **digital thermostat** allows you to maintain constant temperature control.

Four wheels at the base, two of which have brakes, complete the look for easy and safe movement.

Cleaning and maintenance

The construction of the **8-flavour curved glass ice-cream display** cabinet for bars is solid and resistant.

The **clean lines of the design** facilitate the cleaning and maintenance required for long-lasting and efficient equipment.

Internal corners are rounded and the motor unit is incorporated. Pull out the trays for deeper cleaning.

Always proceed using **lukewarm water, natural products and a soft cloth** to avoid damaging the surfaces.

Why it's the right product for you

The **curved glass 8-flavour** ice cream **display** cabinet for ice cream parlours may be just the product for you.

Rely on the quality of our products at an attractive price. Choose the ice cream counter to complete your decor in a unique way and you will have:

- **quality materials**
- **high-efficiency compressor**
- **air-cooled condenser**
- **digital thermostat**

- **100% European design.**

Browse the online catalogue and complete the look of your showcase counter with the ideal accessories.
