Stainless steel cabinet sink 80x60x85h cm 1 bowl and 2 doors EC

Description

What could be more convenient than a complete washing station? Our **stainless steel cabinet sink** is a complete and practical piece of furniture for your professional kitchen.

Made **entirely of stainless steel**, it ensures **hygiene, durability and style**. It can be easily and quickly integrated into the line.

Choose the best and rely on Ristoattrezzature's expertise and experience. Discover our professional sink.

Design and function

The professional cabinet sink for catering consists of:

- **1 rinsing basin;**
- **1 splashback;**
- **1 door;**

- **1 container compartment.**

The **hole for the mixer is excluded.**

The structure is made **entirely of 18/10 stainless steel, a robust and durable material.** In fact, all our stainless steel is certified for use in kitchen laboratories and to come into contact with food.

The **external dimensions are 80x60x85h cm, the splashback measures 100 mm** and has a **bottom shelf.** The **door is hinged with a removable closure.**

The sink has legs with a round foot that can be adjusted in height.

The lines are sleek and clean with no gaps that are difficult to clean, and the rounded inner corners facilitate cleaning and maintenance.

Cleaning and maintenance

Stainless steel is characterised by its **ease of cleaning, which also makes it particularly hygienic.**

To remove stains and marks from stainless steel, a wet cloth is sufficient as it is non-porous.

For cleaning the **1-bowl stainless steel sink, do not use**

- **products with chlorides,**
- **bleach,**
- **iron wool or abrasive sponges,**
- **scrapers or hard knives.**

Steel has a protective film that must not be damaged or scratched.

Why it is the right product for you

The 1-door stainless steel cabinet sink is the ideal product for all catering businesses. **Compact and modular,** it is practical to install without excessive bulk.

The **dual function, storage and washing,** makes this equipment versatile and turns the sink into a complete **workstation** where washing utensils are always at hand.

The compartment underneath can be opened with a hinged door and the adjustable feet allow the sink to be adapted to work requirements.

The product is shipped disassembled. To receive the sink assembled please select the option **Sink Assembly.**
