Choose the quality of Ristoattrezzature and complete your furniture with a robust and reliable component. High-quality materials guarantee excellent functionality. Our stainless steel sink is particularly suitable for small and medium-sized catering businesses. Select the model that best suits your needs from the catalogue and discover all the features and options available at a click. Design and function The design of the stainless steel cabinet sink 2 bowls with 2 sliding doors for pizzerias and restaurants is essential. Characterised by clean lines and a minimal footprint, it maximises working time and space. This model in particular has 2 basins and is fitted with sliding doors to guarantee efficiency in a small space. A piece of furniture that combines aesthetics and practicality. The construction is made entirely of stainless steel: anti-bacterial, anti-corrosion and robust. The external dimensions are 1000x700x850h mm and the splashback is 100 mm to contain any splashes of water or food. Our stainless steel 2-bowl stainless steel sink with 2 sliding doors is particularly suitable for all areas of catering and gastronomy and is completed with: a shelf at the bottom; 4 adjustable feet. Choose quality and always offer your customers the best by using professional products. The structure is durable, easy to use and sufficiently capacious in the storage

compartment. Cleaning and maintenance The stainless steel cabinet sink with 2 bowls and 2 sliding doors for gastronomy is a professional piece of equipment that is quick and easy to clean due to its selected materials and design. Find out the right procedure to follow and which products not to do without to guarantee high quality over time. First, all surfaces must be cleared of any clutter and then proceed with a soft cloth and mild detergent. Dry properly to avoid halos. Absolutely no abrasive sponges and aggressive detergents that would damage the surface. Why it is the right product for you The Ristoattrezzature 2-bowl stainless steel sink with 2 sliding doors could be just the tool you need to optimise your time in the kitchen, which is always tight. Check availability online and complete your order in one click. It is an advantageous choice for: reliability, safety and speed of service. With our sink you will have minimum space and maximum functionality. Particularly suitable for restaurants, pizzerias, bars, workshops and pastry shops. Read the data sheet to find out more.
