Stainless steel sink 50x70x85h cm 1 bowl with splashback EC

Description

The **stainless steel 1-bowl sink with splashback EC** for catering is the **ideal solution for cleaning and washing dishes**.

One of the basic furniture components to be included in a professional kitchen, it can easily adapt to different needs.

High quality stainless steel and a **compact, essential design** make the Ristoattrezzature sink particularly suitable for any space and furnishing style.

Recommended for small and medium catering businesses: bars, pubs, kitchen workshops and pizzerias.

Design and operation

The **EC 1-bowl stainless steel sink with splashback** for bars is versatile and functional. The external dimensions are **500x700x850 mm**, the **bowl dimensions** are **400x500x250 mm**.

The **design is technical** and features a robust and durable structure made of **AISI 304 18/10 stainless steel**. It meets the highest standards of hygiene, antibacterial and anti-corrosion.

Ristoattrezzature's **stainless steel 1-bowl sink with EC splashback** has **4 adjustable feet** and **1 adjustable shelf** at the bottom for storing plates and glasses.

Finally, a **practical splashback** makes washing up without splashing water or dirt on the walls even easier.

Optimise the washing up of dishes and glasses to offer your customers top service. Choose the ideal professional equipment from the catalogue and **guarantee cleanliness and brilliance in fast wash-up times**.

Cleaning and maintenance

The **EC 1-bowl stainless steel sink with splashback** for small workshops is quick and easy to clean. Be sure to do so to ensure the longevity of your professional equipment.

Proceed with a soft cloth and a mild detergent. Finally, let it dry properly.

Why it's the right product for you

The Ristoattrezzature **EC 1-bowl stainless steel sink with splashback** is a professional piece of equipment suitable for small and medium-sized premises.

Its **essential and compact design** is one of its strong points. Designed to optimise washing times in a small space.

The **4 height-adjustable feet** respect the needs of the individual operator and facilitate their work. The shelf **at the bottom** provides a useful extra shelf.

- **Functional**
- **Practical**
- **Versatile.**

Finally, the **EC 1-bowl stainless steel sink with splashback** for bars has another key feature: modularity, i.e. **the ability to be combined with other stainless steel sinks or other professional equipment**.

Browse our online catalogue and discover the ideal sizes for a functional design of your kitchen.

Choose the ideal options to complete our equipment according to your needs and **read the technical data sheet to find out more**.
