## **Stainless steel sink 120x60x85h cm 1 basin with left-hand overhanging draining board, dishwasher compartment, shelf and splashback EC**

### **Description**

Clean, functional and versatile. Make your professional kitchen clean and functional by choosing the right equipment. The stainless steel 1-bowl sink with left-hand drainer is the ideal solution for cleaning and washing dishes and vegetables. Designed to best suit the kitchens of restaurants, bars, butcher shops, pizzerias, pastry shops, etc. Choose the versatility of a Ristoattrezzature product, suitable for any space and furnishing style. Recommended for all catering and gastronomy activities. Design and operation The stainless steel 1 bowl stainless steel sink with left-handed drip edge for laboratories is the basic component of any self-respecting professional kitchen. This model of sink from Ristoattrezzature specifically consists of: 1 bowl overhanging drainer on the left bottom shelf back splashback. A useful choice in the design of industrial kitchens where space is at a premium: you can fit a professional dishwasher or glasswasher in the space under the draining board. Finally, use the drip tray itself as a useful and practical element to support plates, utensils or the baskets of the professional dishwasher. The external dimensions are 1200x600x850 mm, the dimensions of the tub are 400x400x250 mm. The structure is robust and durable, made entirely of AISI 304 18/10 stainless steel, the material of choice in the kitchen. High quality material, resistant, antibacterial and anti-corrosion. The

Ristoattrezzature 1-bowl stainless steel sink with drip tray on the left has 4 height-adjustable feet and 1 adjustable shelf at the bottom. A back splashback will also ensure clean walls. Give your customers maximum performance and optimise dish and glass washing times. Select the ideal professional equipment from the catalogue. Cleaning and maintenance Ensure cleanliness and shine to your kitchen with the stainless steel 1-bowl sink with left-hand drainer for bars and restaurants. Ensure proper and regular cleaning and maintenance of your professional equipment with the right measures. You will need to use a soft cloth to avoid scratching the surface and a mild detergent to avoid damaging the protective film. Finally, dry properly so as not to leave lime stains or haloes. Why it's the right product for you The Ristoattrezzature 1-bowl stainless steel sink with left-hand draining board is a must-have piece of professional equipment to compose a kitchen in a practical and functional way. Particularly suitable for small and medium-sized rooms, the compact design of this product is one of its strong points: by rationalising washing times and space, you can plan your work more easily. The 4 height-adjustable feet are essential to respect the needs of the individual and facilitate work. The shelf at the bottom is a useful extra shelf. Choose the stainless steel 1-bowl sink with left-hand draining board for a practical, functional and versatile work environment. Choose the ideal size and add other professional equipment by taking advantage of its modularity. Consult our online catalogue and select the available options according to your professional needs.
