Stainless steel sink 120x70x85h cm 1 basin with overhanging right draining board, dishwasher compartment, shelf and splashback EC

Description

Utility and practicality are the characteristics that make the presence of a sink fundamental in the kitchen. Various models are offered in the catalogue by Ristoattrezzature, which pays great attention to the choice of materials. Decide to intelligently complete your work area and speed up all dishwashing operations by offering your customers a punctual and, above all, safe service. Ristoattrezzature's stainless steel 1-bowl sink with right-hand overhang, dishwasher compartment, shelf and EC splashback is a useful resource in the kitchen to facilitate cleaning work. It is designed with time and space optimisation in mind. This model in particular offers a shelf at the bottom for storing crockery, a drip tray on the right where you can lay your dishes, and space underneath to insert your appliance. Particularly suitable for small and medium-sized catering businesses, the sink allows for smooth washing up operations before insertion in the dishwasher. Choose your ideal size from the catalogue and select your options from those available. Design and function The stainless steel 1-bowl sink with overhanging right draining board, dishwasher compartment, shelf and splashback EC for pizzerias is a product that is characterised by its minimal overall dimensions and maximum practicality of use. The external dimensions are 1200x700x850 mm, while the tank dimensions are 400x500x250 mm. The

structure, internal and external, is made of AISI 304 18/10 stainless steel: robust, resistant and easy to clean. It adapts easily to small spaces and you will find in it a perfect ally in the kitchen. The stainless steel sink consists of: 1 basin 1 EC spl ashback to contain water and dirt on the walls 1 shelf for storing dishes 1 draining board on the right 1 compartment for dishwasher 4 adjustable feet. Choose quality from Ristoattrezzature and be won over by the durability of the materials and the high functionality of our stainless steel furniture. Cleaning and maintenance Our products are manufactured in compliance with current regulations, with hygienic materials that are easy to clean. One of the necessary tasks to be performed in the kitchen is cleaning to ensure top service at all times. The stainless steel 1-bowl sink with right-hand overhang, dishwasher compartment, shelf and EC restaurant splashback is easy to clean thanks to its clean lines and rounded corners. Proceed daily with the right products. We at Ristoattrezzature recommend non-abrasive sponges, to avoid scratching the surface, and a mild detergent that preserves the protective film of the steel.
