

Cod: 108002562003

Pizza rounding machine size 51x51x75h cm three-phase

Description

This professional machine enables the rounding of pizza dough loaves. The tool is small in size and therefore ideal for artisan workshops and pizzerias. The rounding machine allows you to have perfectly rounded portions, ready to rise. Rounding machines are state-of-the-art tools for optimal dough processing: designed for easy and intuitive use.
