

Cod: 10875001374017

Stainless steel refrigerated cabinet with 1 glass door capacity 546 l +3 +10°C

Description

Clean and elegant, thanks to the glass door, the flush digital controller with independent main switch and the characteristic design of the top panel and door. The model represents the perfect combination of technology and production experience, with a self-closing door, moulded rails to aid in the cleaning process, to save space inside the cabinet and to allow the 3 GN 2/1 shelves fitted as standard to support a heavier than average weight. Our refrigerated cabinet is environmentally friendly and energy-saving, thanks to the eco-friendly R290 refrigerant gas and 80 mm insulation foam on each side. LED interior lights, standard lock, and height-adjustable feet contribute to making this professional refrigerator a high-end product.

Dimensions

Dimensioni esterne	700x824x2045 mm
--------------------	-----------------

Dimensioni imballo	720x845x2110 mm
Dimensioni interne	534x824x1485 mm

Technical data

Alimentazione	Electric
Capacità	546 Lt
Classe energetica	E
Gas refrigerante	R290
Peso lordo	133 kg
Peso netto	114.5 kg
Potenza Elettrica	0.312 kW
Refrigerazione	ventilated
Sbrinamento	hot gas
Temperatura d'esercizio	+3 +10 °C
