

Cod: 1111400200133

Pager with 10 pagers coverage 150 mt Ø 9.5 cm

Description

The pager allows you to alert and call a customer simply by pressing a button on the control unit. The pager discs are recharged by placing one on the limb using the supplied base. It works up to a maximum range of 150 metres in an open field. The model consists of a charging base and 10 paging discs with the number on the LCD display. This product allows you to add as many paging discs as you wish with no limit from 10 to 9999 discs, each with its own pre-assigned number or you can assign them individually with your internal order number. The product is designed for durability ideal for the most demanding with edge protection, easy to load and stack, also alerts the customer if the pager is out of range. They are fully customisable with your logo with a dedicated 48 mm diameter space. N.B. The pager control unit is not included and can be purchased as an optional extra.
