

Cod: 11166

Professional dishwasher with WI-FI connection and three-phase water purifier 50x50 cm basket 3.5 kW

Description

Professional dishwasher with Wi-Fi connection and installed water purifier, suitable for chefs looking for the best washing performance. The available cycles make it possible to optimise washing performance according to the type of dishes for an always impeccable result. Structure and body in AISI 304 stainless steel. Balanced double-wall door, easily cleanable coplanar stainless steel rotating arms, corrosion and limescale resistant steel heating elements, temperature display. Possibility of modifying work cycle parameters.

The programmable system ensures that rinsing takes place at a water temperature of 85°C to guarantee a reduction in the bacterial load.

Standard rinse aid dispenser to ensure excellent drying results, provision for detergent dispenser, provision for drain pump.

Wide range of optional extras available on request. One basket dishes and one basket cups included.

Scratch and impact resistant capacitive display, designed to withstand the hectic use of professional kitchens.
