

Cod: 11167

Professional dishwasher with three-phase Wi-Fi connection 50x50 cm 6.8 kW

Description

Professional dishwasher with Wi-Fi connection, suitable for chefs looking for the best washing performance. AISI 304 stainless steel construction. Balanced, moulded double-wall door for practical draining and basket extraction. Moulded tank with rounded edges to ensure maximum hygiene, preventing dirt and water from stagnating.

Stainless steel upper and lower rotating washing lances on separate circuit. stainless steel surface filter in tank for solid waste collection.

Temperature display. Possibility of changing work cycle parameters.

The programmable system ensures that rinsing takes place at a water temperature of 85°C to guarantee the reduction of the bacterial load.

Standard rinse aid dispenser to ensure excellent drying results, detergent dispenser ready.

Wide range of optional extras available. One basket dishes and one basket cups included.

The double stainless steel water filtering system keeps the water cleaner and longer.

The double-walled tank with insulation increases operator comfort by reducing noise and further improves power consumption.

Great versatility in use. It can even wash Euronorm-sized trays thanks to the larger door opening of 40 cm.

More ergonomic! Increased height to 1.2 m facilitates loading and unloading of baskets.

Scratch and impact resistant capacitive display, designed to withstand the hectic use of professional kitchens.
