Professional 4-burner gas cooker 20 kW 60x60x28h cm

Description

4-burner gas cooker, stainless steel structure, knobs made of thermosetting plastic material, heating by means of single-crown stabilised flame burners with different powers.

Each burner is fitted with a **safety gas tap** that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the burner flame.

Steel top grates coated with a layer of protective material and burners with a stainless steel body and nickel-plated brass flame spreaders, top grates positioned on a moulded housing with rounded edges and burners hermetically attached to the top to ensure easy cleaning.

Laser-cut top finish to ensure a "head-to-head" connection between tops and binding of tops to each other.

Tested with methane or LPG gas according to user requirements.
