Professional 2-burner gas cooker 10 kW 60x30x28h cm

Description

2-burner gas cooker, stainless steel structure, thermosetting plastic knobs, heating by means of single crown stabilised flame burners with different powers.

Each burner is equipped with a **safety gas tap** that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the burner flame.

Steel top grates coated with a layer of protective material and burners with a stainless steel body and nickel-plated brass flame spreaders, top grates positioned on a moulded housing with rounded edges and burners hermetically attached to the top to ensure easy cleaning.

Laser-cut top finish to ensure a "head-to-head" connection between tops and binding of tops to each other.

Tested with methane or LPG gas according to user requirements.

Accessories available **on request**.

Dimensions

Dimensioni esterne	300x600x280 mm
