6-burner gas cooker with gas oven 35.5 kW 60x90x85h cm

Description

6-burner gas cooker with oven, stainless steel construction. Moulded, double-walled oven door and sturdy handle. Thermosetting plastic knobs. Heating via single-crown stabilised flame burners with different power ratings. Each burner is equipped with a safety gas cock that allows the power to be adjusted from maximum to minimum. Safety ensured by a thermocouple kept active by the burner flame. Floor grates made of steel coated with a layer of protective material and burners with a stainless steel body and nickel-plated brass flame spreaders. Floor grates positioned on a moulded housing with rounded edges and burners hermetically attached to the top for ease of cleaning. 1/1 GN gas oven and open compartment. Removable stainless steel oven grate. Oven floor made of thick steel and reinforced with a series of ribs. Insulation of baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures. Rapid temperature rise and heat retention by means of a high-performance stabilised flame burner with integrated diffuser, suitable for working at high temperatures. Ignition by means of a spark train with 230V 1 phase + neutral power supply. The oven burner is equipped with a thermostatic safety gas cock that allows the temperature to be regulated up to 300°C. Safety guaranteed by a thermocouple kept active by the burner flame. Laser-cut top finish to ensure a "head-to-head" coupling of the tops and binding of the tops to each other. Height-adjustable stainless steel feet. Tested with

methane or LPG gas according to user requirements.

Dimensions

Dimensioni esterne	900x600x850 mm
--------------------	----------------

Technical data

Alimentazione	Gas
Potenza Bruciatori	4 (x3) kW, 6 (x3) kW
Potenza Gas	35.5 kW

Standard equipment

In dotazione	1 griglia per forno
