Electric fryer 11+11 l countertop 2 basins three-phase

Description

Electric counter-top fryer, stainless steel construction. Knobs made of athermal material with functional serigraphy on the edge.

Oil heating by means of **stainless steel heating elements**, immersed in the oil and easily tilted for easy cleaning.

Two 11-litre tanks each equipped with a thermostat, which allows temperature regulation between 100°C and 190°C. Safety thermostat with manual reset.

Stainless steel tank and bowl with rounded edges sloping towards the drain hole.

Moulded worktop and basin for easy cleaning. Stainless steel front, side and rear panelling.

Steel baskets coated with a layer of protective material **supplied**.

Drainvalve with handle made of athermal material and safety lock on the front of the

equipment.

Laser-cut top finish to ensure "head-to-toe" matching of tops and binding of tops to each other.
