4-burner gas cooker with gas oven and pilot flame 36.9 kW 80x70x85h cm

Description

4-burner gas cooker with gas oven, stainless steel construction. Moulded, double-walled oven door and sturdy handle. Knobs made of thermosetting plastic. Heating by means of watertight burners with stabilised flame and superimposed crown with different power ratings (6.2 kW and 8.5 kW). Each burner is equipped with a safety gas cock that allows the power to be adjusted from maximum to minimum. Safety guaranteed by a thermocouple kept active by the pilot burner flame. Floor grates and burners made of RAAF matt enamelled cast iron resistant to alkalis, acids and fire. Floor grates positioned on a moulded basin with rounded edges to ensure easy cleaning and protect against overflowing liquids. Moulded basins with rounded stainless steel edges located under the burners and easily removable for cleaning. 2/1 GN gas oven. Removable stainless steel oven rack. Thick steel oven floor reinforced with a series of ribs. Insulation of baking chamber and oven door ensured by a layer of ceramic fibre resistant to high temperatures. Rapid temperature rise and heat retention by means of a high-performance stabilised flame burner with integrated diffuser, suitable for working at high temperatures. The oven burner is equipped with a thermostatic safety gas valve that allows the temperature to be regulated up to 300°C. Safety ensured by a thermocouple kept active by the burner flame. Laser-cut top finish to ensure a "head-to-head" coupling of the tops and binding of the tops to each other. Height-

adjustable stainless steel feet. Tested with methane or LPG gas according to user requirements.

Dimensions

Dimensioni esterne	800x700x850 mm
