

Cod: 112160021042848

Motorised gas braising pan capacity 130 lt 120x90x85h cm

Description

Stainless steel frame. Knobs made of athermal material with functional silkscreen printing on edge. Balanced stainless steel lid. Sturdy handle. Heating by means of a single multi-branch burner at the bottom of the pan. Cooking vat equipped with an electromechanical valve controlled by an electric thermostat with 90°-310°C setting. Safety ensured by a thermocouple kept active by the pilot burner flame. 130 litre cooking vessel made of thick stainless steel. Motorised lifting system by means of a patented system of levers operated by an actuator. Water loading by means of a solenoid valve. AISI 304 stainless steel worktop with rounded edges for easy cleaning. Stainless steel front, side and rear panelling. Laser-cut worktop finish to ensure 'head-to-head' coupling and binding of worktops to each other. Tested with methane or LPG gas according to user requirements. Height-adjustable stainless steel feet.

Dimensions

Dimensioni esterne	1200x900x850 mm
